

Dog & Puppy Training

We have personalised one-to-one sessions to cover all areas of obedience, while our small group puppy socialisation and training classes provide a fun and supportive environment for young learners to develop essential skills and confidence. For those slightly older dogs, we offer our adolescent classes to reinforce basic training needs that may have not been understood at puppy age.

We have experienced, fully qualified trainers on site to provide multiple services, from one-to-one dog training covering all areas of obedience to small group puppy socialisation and training classes

If your dog missed the basics as a puppy, our adolescent classes are there to fill in the gaps. These sessions run in partnership with **Gemma**, owner of **Your Pets and Me**, so you're working with someone who does this for a living.

You'll also get a **goody bag** with a clicker, blanket, feel-well treats, and e-books on toilet and crate training, access to a WhatsApp group if you need support between sessions, a discount and priority booking if you sign up for the second course, and a certificate once you've completed all six weeks.
